Sedunia Travel Services Sdn. Bhd. (30240-V) (KKKP No.0019) KL (HQ) : Level 12 & 13, Menara Genesis, 33 Jalan Sultan Ismail, 50250 Kuala Lumpur PENANG (Branch) : Unit 1-3, 1st Floor, Menara Penang Garden, 42A Jalan Sultan Ahmad Shah, 10050, Penang

11 Days 10 Nights [Excluding flying time & Extra Pre-hotel/Post Nght] | from Darwin - Broome

### **CRUISE PROGRAM OVERVIEW**

Set sail for the wild and grandiose landscapes of Kimberley, following this exceptional PONANT itinerary. From Darwin to Broome, embark for an 11-day expedition cruise. Discover billions of years-old landscapes & ancient rock art. Listen to stories of the dreamtime from the oldest continuous culture on the planet

### HIGHLIGHT

- Visit the most picturesque parts of the region, the Hunter River.
- King George River and the majestic Twin Falls, the highest falls in Western Australia.
- Admire Montgomery Reef, the world's largest inshore reef with vast expanses of lagoons and plentiful marine life

### **TENTATIVE ITINERARY (Included suggested pre-nights & flying)**

\*\*We highly recommend to arrive 1 days early in Darwin, Australia Add On available please see next page

### Day 1 Darwin

Embarktion from 3.30p.m to 4.30p.m. Depart at 5.00p.m. Darwin is located in Australia's Northern Territory which is also known as the "Top End". It is the capital city and the most populated town of the Northern Territory. Darwin is a beautiful tropical city, a melting pot of people and cultures, over 50 different cultures live and work side by side that prides itself in its unique and friendly laid-back lifestyle. Come discover the town's still recent history through its emblematic buildings such as the new Parliamant House opened in 1994, a magnificent example of tropical architecture or Admiralty House declared heritage place, a tropical-style home elevated on stilts that has survived two cyclones and numerous air raids.

### Day 2 KING GEORGE RIVER

(B/L/D)

The journey up the King George River is nothing short of breathtaking. The 80-metre-high sides of the gorge display varying degrees of weathering of the ancient Warton sandstone. The colours and textures of the gorge change with the light as you travel further up the river creating a continual changing scenery that is simply stunning. The journey culminates at the King George twin falls; the highest single-drop falls in the whole of the Kimberley (80 m or 260 ft). Fed by wet season run-off the level of water cascading over the falls varies from year to year. Your Expedition Team will escort you in either the zodiacs or ships tenders to the foot of the twin falls, and explain all about the stunning geological formations of the canyon.

11 Days 10 Nights [Excluding flying time & Extra Pre-hotel/Post Nght] | from Darwin - Broome

(B/L/D)

### **TENTATIVE ITINERARY (Included suggested pre-nights & flying)**

### Day 3

**VANSITTART BAY** 

Jar Island contains ancient rock art galleries depicting the Gwion Gwion style unique to the Kimberley region. Mainly neglected by, or unknown to, the early European researchers of Aboriginal culture in the Kimberley in favour of the dominant and more dramatic Wandjina art, Gwion Gwion art has in recent years gained world prominence. It is generally thought that this art may extend back to over 30,000 years before our time and represents the first wave of seagoing colonizers of the Australian continent. As it is, these are the oldest detailed depiction of human figures in the world. Join your Expedition Team ashore for a short walk, past some fascinating rock formations, to the site of the Gwion Gwion art galleries

### Day 4 **ASHMORE REEF**

### (B/L/D)

Located in the Timor Sea, the Ashmore Reef Marine Park is a sanctuary for many marine species and a designated important bird area (IBA). Every year, more than 100,000 seabirds breed here, including crested terns, white-tailed tropicbirds and greater frigatebirds. It was recognised as a wetland of international importance in 2003 for its vital role in providing a haven for the tens of thousands of migratory shorebirds which turn up to feed each year. In addition to the prolific birdlife, beneath the clear tropical waters, the coral reefs, seagrass meadows, sandflats and lagoons of Ashmore Reef are home to a colourful array of marine life including 255 species of reef building coral, the greatest number of any reef on the Western Australian coast. Ashmore Reef provides a unique opportunity to combine a zodiac tour to view the abundant birdlife and marine life with the opportunity to experience a magical moment snorkeling or a refreshing swim.

#### Day 5 **CAREENING BAY**

Careening Bay was named by Lieutenant Phillip Parker King after his ship, HMC Mermaid, was careened there during his third voyage of discovery in 1820. King surveyed the western coast to complete the map initiated by Flinders 20 years earlier. The Mermaid had been leaking badly and King needed to find a shallow sandy bay where he could careen his boat to undertake repairs. At a high tide, on a warm September afternoon, he ran the Mermaid onto the sands. For ten days the Mermaid crew worked carved the name of the vessel and the year into a conspicuous boab tree. The famous boab tree is now 3 metres wide and National Heritage listed. A reminder of a by gone era of exploration!

### Day 6 **SWIFT BAY**

(B/L/D)

(B/L/D)

The Bonaparte Archipelago, is a stunningly rugged maze of islands stretching almost 150 km along Western Australia's remote Kimberley coast. Its colour and scale conspire to take ones' breath away. Its distant location has meant it has remained an unspoilt and remarkably pristine location to explore and experience. Phillip Parker King named "Swift's bay" after Jonathon Swift (1667-1745) the author of Gulliver's travels. The 'T' shaped bay is composed of heavily fractured sandstone providing an abundance of rock shelters. On the walls of these shelters are examples of both Wandjina and Gwion Gwion style rock art. Join your expedition team ashore for a guided walk to a number of rock art galleries depicting these unique rock art styles.

#### Day 7 **HUNTER RIVER**

Arguably one of the most scenic parts of the Kimberley coast, Prince Frederick Harbour and the Hunter River are lined with ancient rainforest pockets, pristine mangroves and mosaic sandstone cliffs. They are considered to be some of the most pristine mangrove forests in the world, containing up to 18 different species, supporting a rich and diverse fauna. The sandstone escarpment at the river mouth, known as "Kampamantiya" rises over 200 metres high before giving way to extensive mud banks and mangrove forests home to numerous bird species and the iconic saltwater crocodile. Our expert Expedition Team will share their knowledge with you as you explore this pristine mangrove environment by zodiac keeping a constant lookout for wildlife. You will also have the opportunity to reach the Mitchell Falls by helicopter from Naturalist Island beach.

#### **COLLIER BAY** Day 8-9

### (B/L/D)

(B/L/D)

Lying to the east of the Buccaneer archipelago, the ancient landscapes of Collier Bay have been shaped by the massive tidal movements the region is renowned for, creating a photographer's paradise. With a tidal range exceeding 14 metres, recorded near Yule entrance at the southern end of the bay, they are among the largest in the world. This massive daily movement of water creates unique phenomena that occur nowhere else in the world. Nestled in the centre of the Bay is Montgomery Reef, the world's largest inshore reef system. As the tide falls a raging torrent of water cascades off the top of the reef, creating turbulent 'rivers' and mini waterfalls. At the Southern end of the Bay, Talbot Bay is home to the world's only 'Horizontal Falls' described by Sir David Attenborough as "One of the greatest wonders of the natural world." Hidden in the many caves and grottos of this ancient landscape are a multitude of ancient Rock Art galleries. Here you can find pectacular examples of the Wandjina and Gwion Gwion styles.

\*As we are at the mercy of weather and tide conditions in this region, the activities mentioned above are only possible experiences and can't be guaranteed.

## **Option Add-On**

Extra Pre-Night in Broome + Transfer service per person PONANT Repatriation Covid Insurance [EUR\$ 30] Gratuities [est EUR\$12 per day] Personal Travel Insurance

### Day 10

LACEPEDE ISLANDS (B/L/D)The Lacepede Islands are Western Australia's most important breeding habitat for Green Turtles (Chelonia mydas), and have been named by BirdLife International as an Important Bird Area (IBA). The breeding colony of Brown Boobies is possibly the largest in the world. Up to 20,000 Roseate Terns have also been recorded here. Other birds breeding on the islands include Masked Boobies, Australian Pelicans, Lesser Frigatebirds, Eastern Reef Egrets, Silver Gulls, Crested, Bridled and Lesser Crested Terns, Common Noddies, Pied and Sooty Oystercatchers. Join your expedition team for a guided zodiac tour to view the prolific wildlife. Due to the sensitive nature of the environment, l

#### Day 11 **BROOME**

Located in the northwest of the Kimberley region and in the far north of Western Australia, the town of Broome is reputed for its history and its glorious pearling era. The fascinating Chinatown district, which is the historic city centre, and the famous Japanese Cemetery, dates back to 1896, and has a past marked by the immigration of numerous Chinese and Japanese workers, attracted by the prosperous pearl industry at the end of the 19th century and at the beginning of the 20th century. Broome is also famous for the "Staircase to the Moon", an optical illusion created by the Moon reflecting on the sand banks at low tide, like a staircase climbing up towards the sky, a unique spectacle provided by nature...

andings are prohibited on the Lacepede Islands.

### Day 10 AT SEA

During your day at sea, make the most of the many services and activities on board. Treat yourself to a moment of relaxation in the spa or stay in shape in the fitness centre. Depending on the season, let yourself be tempted by the swimming pool or a spot of sunbathing. This day without a port of call will also be an opportunity to enjoy the conferences or shows proposed on board, to do some shopping in the boutique or to meet the PONANT photographers in their dedicated space. As for lovers of the open sea, they will be able to visit the ship's upper deck to admire the spectacle of the waves and perhaps be lucky enough to observe marine species. A truly enchanted interlude, combining comfort, rest and entertainment.

### Day 11 DARWIN

Darwin is located in Australia's Northern Territory which is also known as the "Top End". It is the capital city and the most populated town of the Northern Territory. Darwin is a beautiful tropical city, a melting pot of people and cultures, over 50 different cultures live and work side by side that prides itself in its unique and friendly laid-back lifestyle. Come discover the town's still recent history through its emblematic buildings such as the new Parliament House opened in 1994, a magnificent example of tropical architecture or Admiralty House declared heritage place, a tropical-style home elevated on stilts that has survived two cyclones and numerous air raids.
